Chapter 1 by Alice Buckingham

Why am I still thinking about him
when it was him who broke me into pieces
that I still look for

Chapter 2 by TeTe

I guess I should start from the beginning.
Hello, my name is Jessica. I'm 25 years old.
Until 6 months ago, I was engaged to Anthony.

Today would be one year of our engagement.

Today I would surprise him taking him to the venue I had already chosen for our wedding.

Today I feel like I did 6 months ago...like the floor is gone and I'm falling into a black hole that has no end....

Why do I still love him after spending almost 4 years of my life doing everything for him and

then having him stand in front of me, holding hands with some girl who worked with him and
hearing him trying to explain that "See more of Story Wars" "nobody's fault, it just
happened."

Chapter 3 by A-TypeWriter

And somehow I can't help blaming myself. Is it something I did, that caused him to fall in love with someone else?

My head is a blur with memories that now sicken me: our first kiss, our first date, his proposal to me, that was the happiest day of my life. I never knew that that day would leave a bitter taste in my mouth now.

No, it's his fault, he chose to cheat on me, he chose to betray me.

The only thing that remains of him except for this excruciating pain and some stuff he left at my place is the question: Why?

Chapter 4 by GORT ROBOT

I am so stupid for not seeing this in him before,

I should have never let him break down my walls.

He had my mind going insane, telling me he loved me

and I was the love of his life, but it turns out that he doesn't love me and he never did. that is why I hate him, he never truly loved me after all I gave him.
